

Press Release

Town of Hampton Public Works Department

August 21, 2012

Today Pike Industries started paving Exeter Road from the Town Line to the intersection with Timber Swamp Road. This is the final step to the month long process of a full reconstruction of the culverts and road bed. The Town had the existing pavement ground up and mixed with the sub-base gravels to build a deep base to strengthen the road. This week the base paving was placed and will be followed by the top wearing course. The majority of the work is expected to be finished by August 24, 2012.
